SPEAKER TESTIMONIALS

"I couldn't be more pleased to have someone like Mariola on my side. A couple of big wins over the last 24 months of working with her have been really scaling my real estate company. She trained my team and we went from \$600 million of, of assets. Now we have \$850 million of assets. We're going to hit a billion this year.

I've climbed Mount Kilimanjaro. I'm in the best physical shape of my life. And on top of that, I get to spend time with my children. We travel all over the world. And I think I'm just scratching the surface of my capabilities.

So if you're really looking for a coach to unlock your fullest potential for you and your team, you can't do better than Mariola. I feel so comfortable in her coaching that even my own family members get coached by her and a lot of people on my team as well.

Mariola is not just your regular coach or trainer. She created experiences for her clients. We've done hypno-visualization. We've gone time traveling we've connected to and different energies. We're, you know, we're future pacing. There's so many things you do it you layer it on right so just say what Mariola is doing is coaching is a travesty."
